

Special Educational Needs and Disabilities (SEND) Academy Information Report : Sep 2020

Ocean Academy Poole has the capacity for 360 children. Each year group has 3 mixed ability, mixed gender classes of up to 30 children per class. There is no nursery provision and no specialist provision units are attached to the school.

Our admissions are processed through Bournemouth, Christchurch and Poole council and can be viewed within the Academy website 'admissions' page.

At Ocean Academy we **welcome children with a range of special or additional educational needs or disabilities** in accordance with the budget and resources available and we aim to identify any specific needs as early as possible, ensuring effective provision and improved long term **outcomes** for each child. This provision may be short or long term depending on your child's needs or circumstance. A comprehensive transition programme from KS1 schools to Ocean Academy ensures previous SEND information is gathered from feeder schools. This same importance is placed on a robust transition from Ocean Academy to your child's secondary school. Information and support strategies will be shared with the receiving school SENCO.

PART 1:

	'SEN Support'	Statements / Education Health and Care Plans – 'EHCP' (for further information see part 6 below)
How are levels of support decided upon and monitored ?	<p>DECIDED BY :</p> <ul style="list-style-type: none"> Staff working closely with your child recognise that he/she is not making expected progress or reaching set targets over time in relation to their assessed starting point when entering school, a new year group or through in-school assessment activities. This may include formal assessment, observation, SENCO assessment, work monitoring, intervention monitoring. Continued in school assessments (SATS, Phonics checklist, SENCO assessment, PIXL, Salford Reading test, Academy tracking systems) show lack of sustained progress or attainment over time. 'Gaps' in learning may also be identified. Outside agency advice. Parental concerns raised and discussed. Class teacher refers to the SENCO as your child is not able to access the curriculum within quality first teaching (QFT), additional resources being put in place, differentiated planning and execution of activities, language modification or reasonable adjustments having been made consistently within class. Additional support is needed in one or more of the following areas: cognition and learning, social, emotional and mental health, sensory and or physical, communication and interaction. SENCO in class observations over time. Additional resources funded by Ocean Academy are needed to support attainment and progress In school SALT TA observations. <p>MONITORED BY:</p>	<p>DECIDED BY :</p> <ul style="list-style-type: none"> A child who is not able to make progress (over time), achieve their full potential or is falling considerably behind their peers regardless of the support put in place at 'SEN Support' level or has on going complex needs, may require a more specific plan for support. IEP targets are not being met. Advice from one or more outside agencies will be requested with parental permission and parents, school and the child will be asked to contribute evidence for Statutory Assessment. A request for an Education, Health and Care Plan (EHCP) may be initiated. When agreement has been reached, the agency leading the request for Statutory Assessment will collate evidence from all agencies working with the child including parent / child views, This information will be forwarded to the Local Education Authority for consideration as to whether an EHCP should be awarded. A 'MAAG' (Multi Agency Advisory Group) meeting will be called where the evidence will be discussed. To view an outline of the timeline in place for this process from the initial request to the final decision see page 154 of the SEND code of practice 0-25 years. Some children may come into school who have already been assessed at this level and they will have their needs met in accordance with the objectives set, the academy SEN Policy and the SEND Code of Practice. <p>MONITORED BY:</p> <ul style="list-style-type: none"> Support is then monitored daily through additional adult support, weekly through IEP,

	<ul style="list-style-type: none"> • Regular Team Around the Child Meetings, parent meetings and in school monitoring meetings , pupil progress meetings • IEP reviews at least x 2 per year – with plans used as working documents within each year group. • Regular in school progress meetings • Boxall screening • Monitored intervention groups – targets achieved and fluid movement and individualised learning planned for. • Inclusion Leader / Class Teacher • We have no additional rooms for specialist teaching or break out spaces due to the design of the building – additional groups often need to work in the corridor or in the SALT room. 	<p>annually through an EHCP review and through on going in school tracking and assessment procedures involving all staff.</p> <ul style="list-style-type: none"> • If your child is undergoing statutory assessment you will be supported by the Local Authority's SEN team (see part 6 for further information) who will monitor progress annually unless an interim review meeting is called. • We have no additional rooms for specialist teaching or break out spaces due to the design of the building – additional groups often need to work in the corridor or in the SALT room. • Regular meetings with outside agencies/ staff and parents to set and review targets and write action plans.
--	---	--

LOOKED AFTER CHILD (LAC):

- A child is most often 'Looked After' by the Local Authority because the child's parents or the people who have parental responsibilities and rights to look after the child are unable to care for him/her.
- Your child will have a detailed Care Plan which includes all aspects of their care and education. School will have designated teachers responsible for making sure the relevant parts of the plan are supported whilst the child is in school.
- Your child's support package will be monitored within school assessment and tracking procedures and also at regular meetings chaired by an Independent Reviewing Officer (IRO) whereby all agencies / carers working with the child will be invited to participate.
- Funding is supplied to school to help implement the necessary support package (£2,345 per year) and alongside funding from the school budget, each child will have their needs addressed. This funding is called 'Pupil Premium' funding.

Should a child who is 'Looked After' have SEND needs also, they will have their needs met in accordance with the academy SEND policy. There will also be additional procedures in place to ensure they reach their full potential in academic, social and emotional areas.

FACILITIES FOR CHILDREN WITH DISABILITIES:

Ocean Academy is committed to making any reasonable adjustment necessary within the physical and funding resources it has available to ensure full access to all learning and social opportunities.

- There are 4 toilets with disability access
- Ground floor access from outside to inside the school is not an issue as the building meets the requirements in design. The upper floor is accessed by a wheelchair friendly lift and there is suitable equipment (chair lift) to use in case of fire on each landing.
- Hand rails are situated in the toilets and on the stairs.
- Teaching Assistants are available when necessary to assist with physio and occupational therapy – in line with an EHCP requirements and funding.
- Chairs and tables are adapted when necessary or specialist equipment used following the advice of trained professionals.
- Close working relationship with Poole Hospital Children's Therapy Services,
- Wide corridors – however these can become quite busy and are used for additional learning support (groups of children working around tables in the corridor).
- Soundproofing to the hall and library.
- Physical classroom consideration is given to allow best accessibility for a child with disabilities – although classrooms are quite small.
- Adapted writing / recording resources (pens, computers, slopes, pencil, font size etc.) are used where appropriate.

PART 2:

At Ocean Academy, we believe that effective teaching and learning should come as a result of quality first teaching where planning, scaffolding, resourcing and intervention (which is closely monitored by all staff) is paramount. Our teachers use a range of multi-sensory approaches to learning and provide practical activities to support this further. Our curriculum is carefully considered to support all areas of child development. We follow the 'Jigsaw' PSHE scheme and our assembly themes reflect this and celebrate the achievement and efforts of our children. Playground Buddies and Peer Mediators, ELSA and Pastoral alongside a high ratio of adults being visible and outside at playtimes, support social and emotional development.

Following whole staff involvement in the consistent tracking of progress and attainment, the following table shows how funding may be put in place to provide additional resources for any child who has been identified as not being able to access a broad and balanced curriculum within usual classroom practices or is not reaching their full potential at any given moment in time. Support under the term ‘SEN Support’ may be short or long term depending on a child’s needs, learning profile or circumstances:

ACADEMY FUNDED OR ACCESSED ADDITIONAL RESOURCES OFFERED:		
Pastoral Support Mrs A Simpson	ELSA (Emotional Literacy Support Assistant) Mrs R Cobb A waiting list is currently in place due to high demand across the school.	Inclusion & Family Services CYP&L Dolphin Centre Poole BH15 1SA 01202 262261
Programmed intervention groups as directed by the class teacher	Additional Teaching Assistants in class working 1:1 or with small group – where an EHCP is in place	Teaching Assistants available for physiotherapy, social development, motor skills programmes – where an EHCP is in place and funding secures this
Attendance Officer and welfare team	Fluid and individualised intervention groups	Additional resources are provided as needed – in line with reasonable adjustments and budget available
Parent Liaison via school office	Speech and Language therapy trained Teaching Assistant works in school weekly	TAs and resources available to support a sensory diet – where an EHCP is in place and funding secures this
Social Stories	Friendship groups	‘Drop In’ Session for parents with the school nurse
IEPs written and monitored regularly	Additional outside agency referral and support	Adaptations to the school environment – visual displays, picture cues, colour, texture, calming etc
<i>These resources could be accessed through or because :</i>	<i>The responsibility of implementing and delivering these resources is:</i>	<i>Impact and outcomes are monitored by:</i>
<ul style="list-style-type: none"> Initial in class observation by the SENCO leading to discussions with the Parent or Carer and class teacher Referral to the SENCO by any relevant member of staff who has been working closely with your child over time Advice from an outside agency Your child is not meeting expected targets / progress over time and has been identified through staff monitoring / assessment Following parent/carer discussion 	<ul style="list-style-type: none"> SENCO will over -see which children access which groups SALT TA Class teacher / identified TAs responsibility to over-see impact and share with SENCO. The Senior Leadership Team (SLT) will discuss impact with staff at regular progress meetings Parents should endeavour to support the strategies put in place at home to ensure continuity of support. 	<ul style="list-style-type: none"> By the class teacher in response to AFL (Assessment for Learning), tracking processes and regular meetings. Level of progress which is reviewed formally every term by the class teacher, Year Leader and a member of the Senior Leadership Team. End of Key Stage 2 tests assess all children who are required to be formally assessed using Standard Assessment Tests (SATs). This is not always the case if children are working significantly below the level of the test. Intervention record sheets which identify an entrance and exit score to show progress Child achieving potential. Movement within the SEN register Child’s and parent’s views recognise progress made Set IEP/EHCP targets are reached consistently No longer requiring additional resources / support ‘Gaps’ in learning or development are closing. Child demonstrating they are socially and emotionally able to access peer play and activities successfully.

PART 3:

CONSULTATION WITH PARENTS / CARERS:

How will the school let me know if they have any concerns about my child's learning in school?

- Ocean Academy endeavours to make regular contact with all parents and the class teacher will make an appointment to speak with you as soon as any concerns are raised or realised.
- The school has meetings every term between each class teacher and a senior staff member in the school to ensure all children are making good progress. If your child is not, the class teacher will contact you.
- If your child is identified as not making appropriate progress, the school will make a decision about whether to monitor this or set up an intervention group. Any decisions will be communicated to you.
- Any support necessary will be discussed with parents/carers with the class teacher and or SENCO as and when necessary. This could be via a face to face meeting, phone call or letter.
- All information from outside professionals will be discussed with parents/carers and shared via a written report. The SENCO will also arrange to meet with you to discuss any new assessments and ideas suggested by outside agencies for your child.
- School work and homework will be differentiated to support your child and this will be communicated via the class teacher.
- Home/school communication book where appropriate
- IEP will be shared at least x 2 per year. Parents/Carers will receive copies of these having been asked to contribute to them.
- Staff will be positioned at the pupil entrance in the mornings and at classroom doors at the end of the day where parents / carers can share any concerns or questions.

If parents or carers have any concerns or questions, please contact the following members of staff (preferably in the order shown) via the school office ; PHONE : 01202 606888 EMAIL: office@ocean-aspirations.org or at the end of the school day for a more informal chat.

Support for parents in HM Armed Forces:

Children who have been identified as having one or both parents in the armed forces will be offered the same opportunities as every other child at Ocean. Additional funding granted to the school (£310 per child) will be used to develop the social or emotional needs of the child as necessary.

Parents serving in HM Armed Forces can also access the Children's Education Advisory Service (CEAS), an information, advice and support service established specifically for Service parents. It covers any issue relating to their children's education, including SEN. More information about CEAS may be found on the CEAS website : <https://www.gov.uk/childrens-education-advisory-service>

TRANSITION ARRANGEMENTS:

How will we support your child when they are leaving this school or moving on to another class?

We recognise that 'moving on' can be difficult for a child with SEND or additional needs and so we take steps to ensure that any transition is as smooth as possible.

If your child is moving to Ocean Academy Poole or onto another school:

- We will contact the new school's SENCO and ensure they are aware of any special arrangements of support that needs to be made for your child. We will meet with staff from receiving infant schools to discuss your child's needs.
- We will make sure that all records are passed on or received as soon as possible adhering to strict confidentiality practices.
- We will arrange transfer meetings which will include all agencies working with the child and the parents/carers.
- We will seek the views of the child to support any questions or concerns they may have. Additional visits will be arranged for those children who find change difficult.
- We will visit the infant school where appropriate prior to your child starting at Ocean. We will make additional visits to the new school where appropriate.
- We will encourage meetings with class teachers where appropriate.

When moving classes in the school:

- Information will be passed on to the new class teacher in advance.
- Where necessary, staff will make a book which will support the child to understand 'moving on'.
- Visits to the new class will be encouraged and children given the opportunity to meet new staff.
- Any resources or equipment necessary will be transferred to the new class.
- Parent/carer meetings will be encouraged.
- We will seek the views of the child, to support any questions or concerns they may have.

PART 4:

SEND DEVELOPMENT AND TRAINING THROUGHOUT 2020 - 21:

- **STAFF TRAINING:** Staff are trained on a needs led basis in response to the needs of the children already in school and for those children who will be joining school or in response to the SEND or Academy Improvement Plan. Staff may also request SEND training in areas of particular interest. Training can be school led or external training can be attended. Ocean Academy staff plan peer coaching and shared professional support to increase the skill base and knowledge across the school. Specialists in school will train staff across the school as required. Particular focus for training has been the SEND policy and practice, dyslexia, speech and language, motor skills and attachment, Quality First Teaching and Interventions. We have had specific training for staff in: PEHA, Assessment of individual needs, ELSA, bereavement, ASD and challenging behaviours. We will be including ASD and behaviour to the CPD agenda in the coming year.
- **SEND DEVELOPMENT PLAN:** We will focus on the development of the use of assessment tools to assess individual needs, establishing dyslexia friendly classrooms and training staff in effective strategies for children with Autism. The SEND Action Plan may be requested from the office. We will also be carrying out a whole academy wellness audit.

PART 5:

OUTSIDE AGENCIES INVOLVED IN SCHOOL:

- Educational Psychology Service: Local Education Authority, Civic Centre, Poole. BH15 2RU
- Inclusion Advisory Teacher, Children, Young People & Learning, Dolphin Centre, Poole, BH15 1SA
