

Dear Parents/carers

12 May 2022

Dr Bike event – Ocean Academy 22 June 2022 9.00-3.00pm

Please see below details of a scheme being organised by Bournemouth, Poole & Christchurch Council. They are offering to check students' bikes for free.

Service provided would include but is not limited to:

- **Overall Safety check**
- **Handlebar check**
- **Headset bearings check**
- **Seat and seat-post check**
- **Crank and pedals check**
- **Bottom bracket bearings check**
- **Brakes, cables, and levers check**
- **Gears, cables, and levers check**
- **Wheel and hub check**
- **Tyre check**
- **Tyre air pressure check**
- **Completion of all necessary adjustments**
- **Completion of check-sheet and recommendations**

Bike-Fixed will be running a Dr Bike session from 9.00am to 3.00pm on 22 June 2022.

Bring your bike along to the main car park at Ocean Academy to take advantage of their free bike check-up, and make sure that your bike is in top working condition. Bikes will be stored in the bike store for the duration.

In order to manage the workload the Dr Bike team have asked that you pre-register if you plan to take your bike along for a check on the day, so please email office@ocean-aspirations.org if you plan to attend. If you do not book, you will not be able to get your bike checked. Spaces are limited to a first come first served basis.

Please note that specific time slots cannot be given - you simply drop off your bike with them from 9.00am and collect it later in the day.

Due to the limited time available, we would not include any parts replacements as part of this service.

Kind regards

Dr Bike
