

Ocean Academy Poole

an Aspirations Academy

As the Associate Principal of Ocean Academy, I am so proud to be in the privileged position of working with the wonderful pupils and staff of this incredible school every day.

Ocean Academy is a calm and happy place, where children feel safe, supported and challenged to develop their whole self through a rich, engaging and broad curriculum.

Here, we value every subject equally and have worked tirelessly to plan a purposeful and engaging curriculum which:

- Sparks the curiosity of all learners;
- Empowers all learners with the knowledge, skills and vocabulary they need;
- Ensures all learners remember more, understand more and can apply their learning;
- Develops the whole child.

Walking our corridors, you will see and hear:

- Respectful, purposeful and calm classrooms;
- Pupils speaking confidently about their understanding in a wide range of subjects;
- Teachers challenging their pupils to think deeply and apply their understanding to complex problems;
- Children participating in a wide range of extra-curricular opportunities;
- Excellent teachers and engaged children.

At Ocean Academy, our pupils are confident, resilient, respectful and independent. We strive to develop these characteristics through our curriculum, our day-to-day routines and the language that we use with the pupils.

As a leadership team, we take pride in getting to know and valuing the unique personalities of every child that walks through our doors, building strong working relationships based on trust and respect.

We believe that communication is vital and to support with this, you will see us proudly stood at the gates at the beginning and the end of the school day wishing you a good morning or afternoon and ready to listen to anything you need to share.

We are so pleased to have your child and family joining us, and we really look forward to welcoming you to the Ocean Academy community.

Kind regards

Mr L Tharme

Associate Principal
